## BUYERS FROM A DISTANCE

The Hotel Phillips in Kansas City will be sale headquarters. Transportation from the hotel to the sale will be provided on sale morning for out of town buyers provided they contact the sale manager, Mervin F. Aegerter, prior to 8:30 A. M. Excellent hotel and motel facilities are also available at Olathe, Kansas and Kansas City, Kansas.

The Mur-Len herd was started with a foundation from Merryvale Farms in 1944, with other choice additions made in purchases at Mid-Kansas and Kansas State sales from practically every leading herd in the state. Every animal sells as a regular producer and of top quality because owner Murrel Crump purchased only the best. His other business interests as president of Sunflower Industries and labor shortage at Mur-Len Farms, make this dispersion necessary on Tuesday, October 30th.

It's a pleasure to recommend this set of cattle to discriminating buyers, because the quality is tops from end to end. Due to the fact that the herd was established so recently, you are given the opportunity of buying not one but many individuals that were the top productions of top Kansas herds and sired by some of the most noted bulls of the breed today. Buyers will be impressed with the workability of every lot that sells and the fact that there are no culls because Murrel Crump was a careful buyer and anything he did buy that didn't later measure up to production and quality standards was sent to market. The way these cattle have been handled will also appeal to good cattlemen because they have been handled strictly in the open on very good pasture. They are healthy and thrifty and even though this is a dispersion Mr. Crump is backing them with the standard guarantee of the American Shorthorn Breeders' Association because he is confident they will all go ahead and do well in their new owners hands.

Supreme Admiral 17th was purchased on the 1949 Salina sale from W. V. Harshman & Son, Clements, Kansas. His dam was the top selling female in the Maxwellton Farms Sale. He is a son of the Chicago first prize winner, Supreme Admiral and his dam is a granddaughter of the International Champion, Divide Sensation. The Harshman's claimed that Supreme Admiral 17th was one of the shortest legged typest bulls they had ever produced. Many of the younger calves and some of the calves at foot are sired by him. We sold him this past July and believe you will like the good, thick, soggy calves by him in the herd.

PRINCE FAVORITE 3d — grand champion bull of the 1950 fall Salina Shorthorn Breeders Show and Sale, where we purchased him at the sale's top figure. He is a double grandson of Imported Lawton Favorite and Supreme Goldfinder and a good type, really thick fleshed, soggy bull, whose first calves are now here and look very outstanding. Here is a young bull that has the breeding and individuality to head some strong herd. He has been running in the pasture all summer with the cow herd, is a sure breeder and a wonderful handler.
